A Message From Our Executive Director

Hello Friends,

On behalf of the Board of Directors and the staff team of the Centre of Hope, I thank you for the opportunity to share how your sponsorship and support can have incredible impact in this community. The Centre of Hope is a long standing social profit in the region providing an array of programming and services designed to meet the unique needs of individuals living in homelessness or at risk of homelessness in our community. Each program and service we provide hinges on our overarching vision of *"inspiring hope; encouraging change, through love, kindness and acceptance"* as we believe all people have the potential to overcome incredible obstacles in their lives if given a loving and helpful space to do so.

We are proud to offer supportive and innovative programming ranging from prevention initiatives, basic daily need provision, outreach services, health care supports, housing programs, and permanent supportive housing models. We employ 30 individuals across all our services and programs who strive each day to better the lives of those most marginalized and at risk in our community. We are an original and contributing member of the RMWB Community Plan on Homelessness, and strive to support our municipal government in their efforts to end homelessness in this region. Throughout our years of service provision, we have seen countless individuals move from a life of living on the streets to a life of betterment and independence in the community. Through your sponsorship, you will be contributing to advancing the service delivery of our agency. These funds will be used to support our Intake/Drop In Centre as well as our Outreach Programs, which are a pivotal part of the communities continuum of care needed to support individuals living in homelessness. Despite our tremendous efforts over the years of ending homelessness for many people in this region, there is still much work to be done, as we continue to see more individuals entering poverty and into a life of living on the streets.

I thank you in advance for your consideration. Support from individuals and businesses like you ensure our ability to provide the vital services required to assist those most in need. Your desire to be an active participant in social change will have tremendous impact on the lives of those facing poverty and homelessness in this region. Thank You for all that you do to better the lives of all people who call this great region home.

Warmest Regards,

Amanda Holloway, BSW, RSW
Executive Director
